Education

in the past

April 2017 - March 2022

Vibgyor roots rise, Mindspace, malad

- "In my 10th grade, I demonstrated a commitment to academic excellence and personal growth. Maintaining a strong GPA, I excelled in core subjects while also engaging in extracurricular activities that fostered teamwork and leadership skills. I actively participated in Modern United Nations(MUN), an experience that profoundly enriched my understanding of global affairs, diplomacy, and public speaking.. Additionally, I undertook Organisers role in various projects developing my leadership skills, showcasing my dedication to learning and problem-solving. Through challenges encountered during this academic year, I cultivated resilience and adaptability, attributes that continue to guide me in pursuing my goals."
- And so in my 10th Board Exam i got 85%

in Computer Engineering

April 2022 - Present

Shri Bhagubhai Mafatlal Polytechnic, Vile Parle, Mumbai

- Engaged in numerous hands-on projects throughout my academic career, working collaboratively with peers to design and implement innovative solutions.
- Enrolled in specialized courses in c programming and HTML programming to deepen my understanding and widening my ideas.
- Developed a HTML user interactive website based on india tours and travels.
- Honed my skills in Basic python and created a library management system.
- Studied Computer Science with a focus on recognizing mistakes in code. Completed coursework in Computer engineering and have made a few projects of my own leadig to the development of a strong foundation in identifying and fixing errors in code.

Marks Scored in all Semesters=

Semester 1 : 61.47%

Semester 2 : 54.82%

Semester 3 : 53.88%

Semester 4 : -----

My Objective

- To become a better developer with experience.

"I am actively seeking an internship position within a dynamic organization where I can immerse myself in the CSE sector, contributing to the creation of innovative solutions. Currently in my second year of pursuing a Diploma in Computer Science Engineering, I am enthusiastic about learning from seasoned professionals in the industry. Proficient in programming languages like HTML/CSS,C and Python, I am eager to apply my knowledge to real-world projects. I have no limits to what i can achieve with a strong aptitude for rapid assimilation of new concepts, my primary aim is to acquire valuable experience and refine my skill set, thereby laying a solid foundation for a successful career in computer science."

Highly motivated and eager intern with a strong academic background in Computer Engineering seeking an opportunity to gain practical experience and apply theoretical knowledge in a professional setting. Possessing excellent communication skills, a strong work ethic, and a willingness to learn, I am eager to contribute positively to a dynamic team and further develop my skills in this vast world of coding. I am Adaptable and committed to delivering results, I am excited to leverage this internship opportunity to make a meaningful impact while gaining valuable hands-on experience.

Key Skills

HTML/CSS

C

python

Data Structure

Databse Management System
-SQL

MS Word

MS Powerpoint

MS Excel
